To do in IEEE Xplore

To Do:

Find a journal article with title words “bluetooth technology” and create a citation in APA style.

Method:

Use the advanced search option to avoid getting a large size results set.

Only use the IEEE and IET Publishers content.

News & Announcements

Science Direct and Scopus Unavailable Saturday, Feb. 26th February 17th, 2011

Science Direct and Scopus (SciVerse) are expected to be offline and unavailable for approximately 12 hours on Saturday, February 26th due to scheduled upgrades. The outage will run U.S. Eastern Standard Time (EST): 8:00AM - 8:00PM. Please plan accordingly, and if you require any assistance... read more!

Library Online Catalog Unavailable on Saturday, February 19 from 7:00pm to Midnight February 17th, 2011

Saturday, February 19, the library Online Catalog will be unavailable for approximately 5 hours, between 7:00 pm and 12:00 am EST. This is due to required systems maintenance for several NJIT computer systems. During this time, a number of online services will be unavailable which includes the ... read more!

Library Online Catalog Access Restored February 14th, 2011

The technical issues involving our online catalog have been resolved, and full access is again available. Thank you for your... read more!

IEEE Spectrum

According to the Institute of Electrical and Electronics Engineers (IEEE) :

IEEE Spectrum Magazine, the flagship publication of the IEEE, explores the development, applications and implications of new technologies. It anticipates trends in engineering, science, and technology, and provides a forum for understanding, discussion and leadership in these areas.

IEEE Spectrum is the world's leading engineering and scientific magazine. Read by over 300,000 engineers worldwide, Spectrum provides international coverage of all technical issues and advances in computers, communications, and electronics. Written in clear, concise language for the non-specialist, Spectrum's high editorial standards and worldwide resources ensure technical accuracy and state-of-the-art relevance.

ABOUT IEEE SPECTRUM

IEEE Spectrum magazine is the flagship publication of the IEEE, the world's largest professional technology association. It is a monthly magazine for technology innovators, business leaders, and the intellectually curious. Spectrum explores future technology trends and the impact of those trends on society and business.

IEEE Spectrum is read by over 385,000 technology professionals and senior executives worldwide in the high technology sectors of industry, government, and academia. Subscribers include engineering managers and corporate and financial executives. Deans and provosts at every major engineering university and college throughout the world are also Spectrum readers.
